

CALL FOR ACTION: *Partner Opportunities*

1st Asian Conference on Triangular Cooperation (ACTrC)

Triangular Cooperation – a modality to get back on track towards the SDGs

DELHI, INDIA

2 / 3 NOVEMBER 2023

In 2015, the international community agreed to embark on a journey towards global sustainability, as outlined in the 17 Sustainable Development Goals (SDGs) and the Paris Agreement. Today, as we navigate an era of unprecedented volatility, international development cooperation is more needed than ever. We find ourselves at a critical juncture, where **triangular co-operation (TrC)** is not only an option, but a dynamic strategy to overcome obstacles and accelerate our progress towards the SDGs. Bridging North-South and South-South Cooperation and innovating beyond them, TrC is a modality that embodies the 2030 Agenda's principles and spirit of partnership and collaboration. By

“emphasizing the need for enhancing North-South, South-South and **Triangular Cooperation**”,
(§8 of the Outcome Document of the G20 Development Ministerial Meeting, Varanasi, India 12 June)

the **Fund for Triangular Cooperation with Asia**, the **Global Partnership Initiative on Effective Triangular Cooperation (GPI)**, and **Research and Information System for Developing Countries (RIS)** want to engage in a dialogue on practical TrC solutions. Our platform will shine a spotlight on G20 focal areas, including LiFE (Lifestyle for Environment) and just energy transition.

Please join us at the **1st Asian Conference on Triangular Cooperation (ACTrC)**.

JOIN US.

The co-organizers are welcoming additional partners for the ACTrC for **sessions, breakout groups** or other **conference parts**. Raise your profile, showcase your latest activities and create new contacts. Join in to our efforts of strengthening the TrC discussion and community in (and with) Asia.

We are here to answer your questions.
