Director, Vigyan Prasar

Date: 31 March 2023 (Friday) Time: 16.00-17.00 IST (*Virtual*)

Joining link: <http://indiascienceandtechnology.gov.in/webinar>

ABOUT THE SPEAKER

Dr Shalini Singh is leading the Cancer Prevention Research in India as Director of ICMR - National Institute of Cancer Prevention and Research (NICPR), Noida. Her focus is on an integrated approach to the prevention and management of non-communicable diseases, including cancer and capacity building of providers for screening and early detection of oral, breast and cervical cancer. She has co-authored ICMR's Guidelines on Good Clinical Laboratory Practices.

ABOUT STIP FORUM

The Science Technology and Innovation Policy (STIP) Forum has been set up with the objective of promoting debate on various aspects of Science, Technology and Innovation Policy. The Forum goes beyond the disciplinary boundaries by taking into account the intersectionality of S&T and I. It aims to bridge the gap between the science and society for dissemination of scientific achievements as well as for generalising debate of societal aspirations and promoting responsible research and innovations. The monthly lecture series of public lectures has been launched (since September 2017) to sensitize the public discourse on science, technology and innovation policy. Research and Information System for Developing Countries (RIS), The Energy Resources Institute (TERI), Indo-French Centre for the Promotion of Advanced Research (CEFIPRA), Vigyan Prasar and India Habitat Centre (IHC) are the collaborating partner institutions.
